

# PUBLIC NOTICE

## NOTICE OF AVAILABILITY/NOTICE OF PUBLIC HEARING

### *California High-Speed Rail Project – Burbank to Los Angeles Project Section*

#### DRAFT ENVIRONMENTAL IMPACT REPORT/ENVIRONMENTAL IMPACT STATEMENT

The California High-Speed Rail Authority (Authority) announces the availability of the Draft Environmental Impact Report/Environmental Impact Statement (EIR/EIS) for the Burbank to Los Angeles Project Section of the California High-Speed Rail Project. The Draft EIR/EIS has been prepared and is being made available pursuant to both the California Environmental Quality Act (CEQA) and the National Environmental Policy Act (NEPA).

**The Burbank to Los Angeles Project Section Draft EIR/EIS and associated documents will be available to the public on May 29, 2020.**

**The Burbank to Los Angeles Project Section Draft EIR/EIS is available online in PDF at the Authority website ([www.hsr.ca.gov](http://www.hsr.ca.gov)) or you can request a copy by calling (877) 977-1660.**

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being or have been carried out by the State of California pursuant to 23 U.S. Code 327 and a Memorandum of Understanding (MOU) dated July 23, 2019, and executed by the Federal Railroad Administration (FRA) and the State of California. Under that MOU, the Authority is the project's lead agency under NEPA. Prior to the July 23, 2019 MOU, the FRA was the federal lead agency. The Authority is also the lead agency under CEQA.

## PROPOSED PROJECT AND LOCATION

A Statewide Program (Tier 1) EIR/EIS was completed in 2005 as the first phase of a tiered environmental review process for the proposed California High-Speed Rail (HSR) System planned to provide a reliable high-speed electric-powered rail system that links the major metropolitan areas of the state and that delivers predictable and consistent travel times. A further objective is to provide an interface with commercial airports, mass transit, and the highway network and to relieve capacity constraints of the existing transportation system as intercity travel demand in California increases, in a manner sensitive to and protective of California's unique natural resources. A second program-level (Tier 1) EIR/EIS was completed in 2008 focusing on the connection between the Bay Area and Central Valley; the Authority revised this document under CEQA and completed it in 2012. Based on the Program EIR/EISs, the Authority selected preferred corridors and station locations to advance for further study.

The Authority has prepared a project-level (Tier 2) EIR/EIS that further examines the Burbank to Los Angeles Project Section. The approximately 14-mile Project Section would provide HSR service between the Burbank Airport Station in Burbank and Los Angeles Union Station in Los Angeles. These

HSR stations would provide links with regional and local mass transit services as well as connectivity to airports and the highway networks in the San Fernando Valley and Los Angeles Basin. The Project Section would connect the Northern and Southern portions of the Statewide HSR system.

This Draft EIR/EIS evaluates the impacts and benefits of a No Project Alternative and one Build Alternative. The Authority's Preferred Alternative under NEPA, which serves as the proposed project for CEQA, is the HSR Build Alternative. The Preferred Alternative includes a new station near the Hollywood Burbank Airport, modifications to Los Angeles Union Station (raising of passenger platforms and installation of overhead catenary system), new electrified tracks within the existing railroad corridor (which would be shared with Metrolink and Amtrak), a tunnel under the Hollywood Burbank Airport (Runway 8-26, Taxiway D, and the proposed extended Taxiway C), and traction power facilities.

## ANTICIPATED IMPACTS

Significant pre-mitigation environmental effects resulting from the HSR Build Alternative is anticipated in the following resource areas: transportation (operation impacts); air quality and global climate change (construction impacts); noise and vibration (construction and operation impacts); electromagnetic fields and electromagnetic interference (construction and operation impacts); public utilities and energy (construction and operation impacts); biological and aquatic resources (construction and operation impacts); hydrology and water resources (construction and operation impacts); hazardous materials and wastes (construction impacts); safety and security (operation impacts); socioeconomics and communities (construction and operation impacts); station planning, land use, and development (operation impacts); parks, recreation, and open space (construction and operation impacts); aesthetics and visual resources (construction impacts); and cultural resources (construction impacts).

## HAZARDOUS WASTE SITES

Some of the facilities included in the HSR Build Alternative would be located on or near sites or facilities on hazardous materials/contaminated site lists enumerated under Section 65962.5 of the California Government Code (Cortese List).

## PUBLIC REVIEW PERIOD

The Authority is making this Draft EIR/EIS available in accordance with CEQA and NEPA for a minimum 45-day review and comment period. During the comment period, comments may be submitted in the following ways:

- By mail to Attn: Burbank to Los Angeles Draft EIR/EIS Comment, 355 S Grand Avenue, Suite 2050, Los Angeles, CA 90071
- Through the Authority's website ([www.hsr.ca.gov](http://www.hsr.ca.gov))
- By email to [Burbank\\_Los.Angeles@hsr.ca.gov](mailto:Burbank_Los.Angeles@hsr.ca.gov) with the subject line "Draft EIR/EIS Comment".
- Verbal comment on the direct line for the Burbank to Los Angeles Project Section at (877) 977-1660.
- Oral testimony at the public hearing to be held on July 8, 2020 from 3:00-8:00 p.m.

The comment period begins on May 29, 2020 and ends on July 16, 2020. Comments must be received electronically or postmarked on or before July 16, 2020.

After the public review period, the Authority will prepare a Final EIR/EIS, which will include responses to comments received during the comment period.

## OPEN HOUSE AND PUBLIC HEARING

### \*COVID-19 UPDATE\*

Due to public health and safety requirements concerning the coronavirus, the **public open house** will be held online and via telephone on June 18, 2020 from 5:00-7:30 p.m. and the **public hearing** will be held online and via telephone on July 8, 2020 from 3:00-8:00 p.m.

Following the outbreak of the novel coronavirus (herein referred to as COVID-19) in California (and globally), on March 17, 2020, California Governor Gavin Newsom announced directives to address the need to slow the spread of COVID-19 including prohibiting gatherings of any size. In addition, Governor Newsom issued Executive Order N-33-20 on March 19, 2020, which orders all individuals living in the State of California to stay home or at their place of residence, effective immediately and until further notice. In order to comply with the Governor's directives and Executive Order N-33-20, and to protect public health, the traditional in-person format of the open house and public hearing will be changed to a "virtual" format held online and via telephone.

The Authority invites you to participate in the virtual open house scheduled for June 18, 2020. The open house will feature a project overview and interactive question and answer session. The virtual public hearing is scheduled for July 8, 2020. The public hearing will provide members of the public an opportunity to provide formal oral testimony. Oral comments provided via the call-in number by telephone will be recorded by an official court reporter. *En la reunión se contará con intérpretes que traducirán al español para el público asistente que lo necesite.*

Please check the Authority website ([www.hsr.ca.gov](http://www.hsr.ca.gov)) for more information, including up-to-date information on the planned open house and public hearing and how to access them. All requests for reasonable accommodations and language services must be submitted 72 hours in advance of the scheduled meeting date. Please contact the Authority's public outreach team at (877) 977-1660 or call the California Relay Service at 711.

## COPIES OF THE DRAFT EIR/EIS

Please visit the Authority website ([www.hsr.ca.gov](http://www.hsr.ca.gov)) to download an electronic copy of the Draft EIR/EIS. You may also request a copy of the Draft EIR/EIS by calling (877) 977-1660.

Printed and/or electronic copies of the Draft EIR/EIS and electronic copies of associated technical reports will be available at the following locations, if circumstances allow, during hours the facilities are open (open days/hours may be reduced for compliance with COVID-19 public health and safety directives):

- Burbank
  - Buena Vista Branch Library, 300 N Buena Vista Street
  - Northwest Branch Library, 3323 W Victory Boulevard
  - Burbank Central Library, 110 N Glenoaks Boulevard
- Glendale
  - Grandview Library, 1535 Fifth Street
  - Pacific Park and Community Center, 501 S Pacific Avenue
  - Glendale Central Library, 222 E Harvard Street
- Los Angeles
  - Atwater Village Branch Library, 3379 Glendale Boulevard
  - Chinatown Branch Library, 639 N Hill Street

- Cypress Park Branch Library, 1150 Cypress Avenue
- Lincoln Heights Branch Library, 2530 Workman Street
- Little Tokyo Branch Library, 203 S Los Angeles Street

Printed and/or electronic copies of the Draft EIR/EIS and electronic copies of associated technical reports are also available for review during business hours at the Authority's Southern California Regional Office at 355 S Grand Avenue, Suite 2050, Los Angeles, CA and the Authority's Headquarters at 770 L Street, Suite 620 MS-1, Sacramento, CA.

Electronic copies of the Tier 1 documents are available on request by calling the Authority office at (877) 977-1660. The Tier 1 documents may also be reviewed at the Authority's offices during business hours at 770 L Street, Suite 620 MS-1, Sacramento, CA 95814 and 355 S Grand Avenue, Suite 2050, Los Angeles, CA.

Authority offices may have reduced open days/hours, as required by COVID-19 public health and safety directives. Please consult [www.hsr.ca.gov](http://www.hsr.ca.gov) for up-to-date information.

The Authority does not discriminate on the basis of disability and, upon request, will provide reasonable accommodation to ensure equal access to its programs, services, and activities
